DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 15-20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claims 15 and 19, what is meant by the word lines "containing gate electrodes"? Does this mean merely that the word line contacts, or provides signal to, the gate electrodes? Or does "containing" mean that the word line is itself the gate electrodes? Or is something else intended, such as a gate electrode surrounded by a word line?

Claims 1-14 are allowed.
